Please direct any questions regarding obtaining access to the conference call to Azure Power Investor Relations, via e-mail, at ir@azurepower.com.

About Azure Power

Azure Power (NYSE: AZRE) is a leading solar power producer in India with a portfolio of over 1,000 MWs across 18 states. With over 100 MWs of high quality, operating and committed solar assets, the company has one of the largest rooftop portfolios in the country. With its in-house engineering, procurement and construction expertise and advanced in-house operations and maintenance capability, Azure Power provides low-cost and reliable solar power solutions to customers throughout India. It has developed, constructed and operated solar projects of varying sizes, from utility scale to rooftop, since its inception in 2008. Highlights include the construction of India's first private utility scale solar PV power plant in 2009 and the implementation of the first MW scale rooftop project under the smart city initiative in 2013.
